How about early tomorrow- 8:30 your time? Or any other time in the morning should be good.

That is, if you are not buried by Snowmageddon! If you anticipate this, we could do it this afternoon.

Hi Bob – Yes, except for 12-3:30 today, I'm fairly open this week. Let me know what works for you. Tom

Hi Tom,

Do you have time this week to go over the proposed well locations and whether the new model figures suggest changes? I'd like to get together with Kristen on this subject after we talk and then let the state know if we have any revised location suggestions.

Thanks.
